Address : Khalid St, Harbanspura, Lahore 54850

## Skills

- SQL (SQL Server, MySQL, PostgreSQL)
- Python (Pandas, NumPy, SciPy, Matplotlib)
- Tableau
- Excel (VLOOKUP, Conditional Formatting, Pivot Tables)
- Microsoft Azure (Data Bricks, Azure Data Lake, Azure Data Warehouse)
- AWS
- Microsoft Power BI

## Projects

### Data Professional Survey Dashboard

- Analyzed survey data from 630+ data professionals to identify trends in salaries, job roles, and job satisfaction.
- Built an interactive dashboard using charts and KPIs to visualize country distribution and programming language preferences.
- Provided insights into career entry difficulty and work-life balance across data roles.

### Layoffs Trend Analysis (SQL Project)

- Cleaned and transformed raw layoff CSV data using SQL, handling missing values and inconsistencies.
- Performed time-series analysis to identify monthly layoff trends across companies.
- Visualized layoff patterns to support data-driven insights on workforce trends.

### Bike Sales Dashboard

- Analyzed customer demographics and purchasing behavior to understand bike sales trends.
- Built an interactive dashboard segmenting buyer by income, age, commute distance, and region.
- Identified key factors influencing customer purchase decisions.

### Airbnb Housing Price Analysis Dashboard

- Analyzed Airbnb listing prices by bedroom count, zip code, and time to identify pricing trends.
- Built an interactive Tableau dashboard highlighting geographic and revenue patterns.
- Provided insights to support pricing and investment decisions for Airbnb listings.

## Work Experience

### Odoo developer August 2025 – May 2026

- Developed custom Odoo modules and extended existing modules using Python and XML
- Debugged and resolved RPC errors, Owl issues, and model relationship problems in Odoo 17
- Worked with PostgreSQL and Odoo metadata to fix database, backup, and restore issues
- Managed website themes and assets, resolving SCSS and compilation errors

## Education

Bachelor of Science in Information Technology – Lahore Garrison University November 2022 – May 2026
